9.1: VIGILON COMPACT VOICE ALARM SYSTEM

Paging

Compact Voice includes a range of paging options for Public Address. These include:

- Single and 2 zone paging mics for pre defined paging groups
- 5 and 10 zone paging microphones for freely selectable multizone paging. These operate in conjunction with a paging interface module which integrates onto the Vigilon detection loop.
- Multi zone paging mics incorporate soft touch zone selection along with press to talk and all call buttons. LED indicators confirm to the user which zones have been selected
